No sandals, flip flops, crocs, etc are allowed, as they are dangerous and could cause injury during practice.

It is expected that they practice at home in between practices, and come ready to learn their next segment the following practice day.

While it's expected that things will come up from time to time, we expect the girls to attend practice on a regular basis, as the rest of the team depends on their participation.

How will I know if practice is cancelled?

You will be notified by email and it will be posted on our website. Please be aware that often the decision to cancel a practice is made between 1 to 2 hours before practice is scheduled to begin.
